

Dr. Nesrine Mostafa

Study Club Mentor

Dr. Mostafa is a Board-Certified Specialist in Prosthodontics and a Clinical Associate Professor of Prosthodontics at UBC Faculty of Dentistry. She earned her Bachelor of Dental Surgery from Alexandria University (Egypt) and completed her master's degree and a Doctor of Philosophy at the University of Alberta. Following this, she pursued specialized training in Prosthodontics at the University of British Columbia.

Her private practice centers on implant-supported fixed and removable dental prostheses, digital smile design, complete oral rehabilitation, and treating cleft palate patients and those with congenital anomalies.

Dr. Mostafa has published extensively in esteemed journals such as the Journal of Prosthetic Dentistry, Journal of Prosthodontics, Cranio-Maxillofacial Surgery, and Journal of Biomedical Materials Research, to name a few. She has been honoured with several prestigious awards.

Program Description

The study club runs from January to June 2025, featuring six evening seminars and workshops covering a wide range of topics, including prosthodontics, periodontal therapy, pediatric dentistry, and clinical decision-making. Whether you're interested in crown design, implant selection, or treatment planning, this program offers something for everyone.

Participants will deepen their knowledge of prosthodontic, periodontic, and pedodontic treatments, including record-keeping, interdisciplinary treatment planning, and the execution of various procedures. Through live patient cases and hands-on workshops, attendees will gain practical experience and a thorough understanding of key concepts across these dental specialties.

Tuition

\$2000 +GST
