

Dr. Nesrine Mostafa

Study Club Mentor

Dr. Mostafa is a Board-Certified Specialist in Prosthodontics. She is a surgically trained prosthodontist. She earned her Bachelor of Dental Surgery from Alexandria University (Egypt) and completed her master's degree and a Doctor of Philosophy at the University of Alberta. Following this, she pursued specialized training in Prosthodontics at the University of British Columbia.

Her private practice centers on implant-supported fixed and removable dental prostheses, digital smile design, complete oral rehabilitation, and treating cleft palate patients and those with congenital anomalies.

Dr. Mostafa has published extensively in journals such as the Journal of Prosthetic Dentistry, Journal of Prosthodontics, Cranio-Maxillofacial Surgery, and Journal of Biomedical Materials Research, to name a few. She has been honoured with several prestigious awards.

Program Description

The Study Club runs from January to June 2026, featuring six evening seminars and workshops on prosthodontics, periodontics, oral medicine, clinical decision-making, and practice management. Whether your focus is crown design, extraction and implants, treatment planning, or clinical procedures, this program offers practical learning for every dentist.

Participants will enhance their knowledge of clinical treatments, interdisciplinary planning, and record-keeping through lectures, live patient cases, and hands-on workshops. The program also addresses professional responsibilities and practice protection, including strategies for navigating and managing college complaints.

Tuition

\$2000 +GST

No refunds 4 weeks from the start date, full refunds prior to that
